### **DETAILED ACTION**

1. Regarding the status of the claims in the instant application, the Examiner has found a 112 second paragraph rejection. The Examiner is obliged to apply the newly found rejection. Thus, the finality of the prior office action has been withdrawn. The Examiner regrets the delayed process of the application. Accordingly, claims 2-8, 10-18 and 20-44 are pending.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 6, line 3 recites the limitation " a business process " it should have been – the business process---. There is insufficient antecedent basis for this limitation in the claim.

Claim 15, line 3 recites the limitation " a business process " it should have been – the business process---. There is insufficient antecedent basis for this limitation in the claim.

Claim 25, line 4 recites the limitation " a business process " it should have been – the business process---. There is insufficient antecedent basis for this limitation in the claim.

Claim 44, line 3 recites the limitation " a business process " it should have been – the business process---. There is insufficient antecedent basis for this limitation in the claim.
